TESTIMONIAL

My name is Olha Voloshyna, I am a sole proprietor providing professional accounting services. I work with a wide range of business activities, including construction, trade, manufacturing, agriculture, foreign economic activity, and various other services.

I had the pleasure of working with Dimitri Sych (Covio agency) from 2016 to 2020. Dimitri developed and launched a website to attract new clients, which produced excellent results going forward — the number of clients increased, and thanks to Dimitri I reached a more professional level of cooperation with my business partners.

Dimitri Sych is a true professional in his field: responsible, reliable, and decisive. I recommend him to all my colleagues. Should you have any further questions, please feel free to contact me by email.
